

Bar code:
Standard Data Matrix, Physical size: 9,6 mm x 9,6 mm

Legend:
P000932992-001-001 = ASSA ABLOY Hospitality's product number
R = Current revision of the product (P000904289-001-00,1 Encoder 4010)
Encoder 4010 = ASSA ABLOY Hospitality's product name
MAC: Media Control Access address. Z = 0-9 + A-F (The MAC address on this label SHALL be identical to the MAC address on the actual PCBA4011 (Main board) installed.)
YY = Year (Last two digits)
WW = Week number
MMM = Manufacturer's alphabetic code (Specified by ASSA ABLOY Hospitality from the file Manufacturer codes.doc)
NNNNN = Serial number. (Starts on 00001 every Monday)
CCCCC = Country of manufacture

Example of data matrix content:
P000932992-001-001 A
Encoder 4010
MAC: 13A56CC5F37D
1814 HA 00487

Product name
Maximum 9 characters, typ. ABCD1234 written in **bold** letters

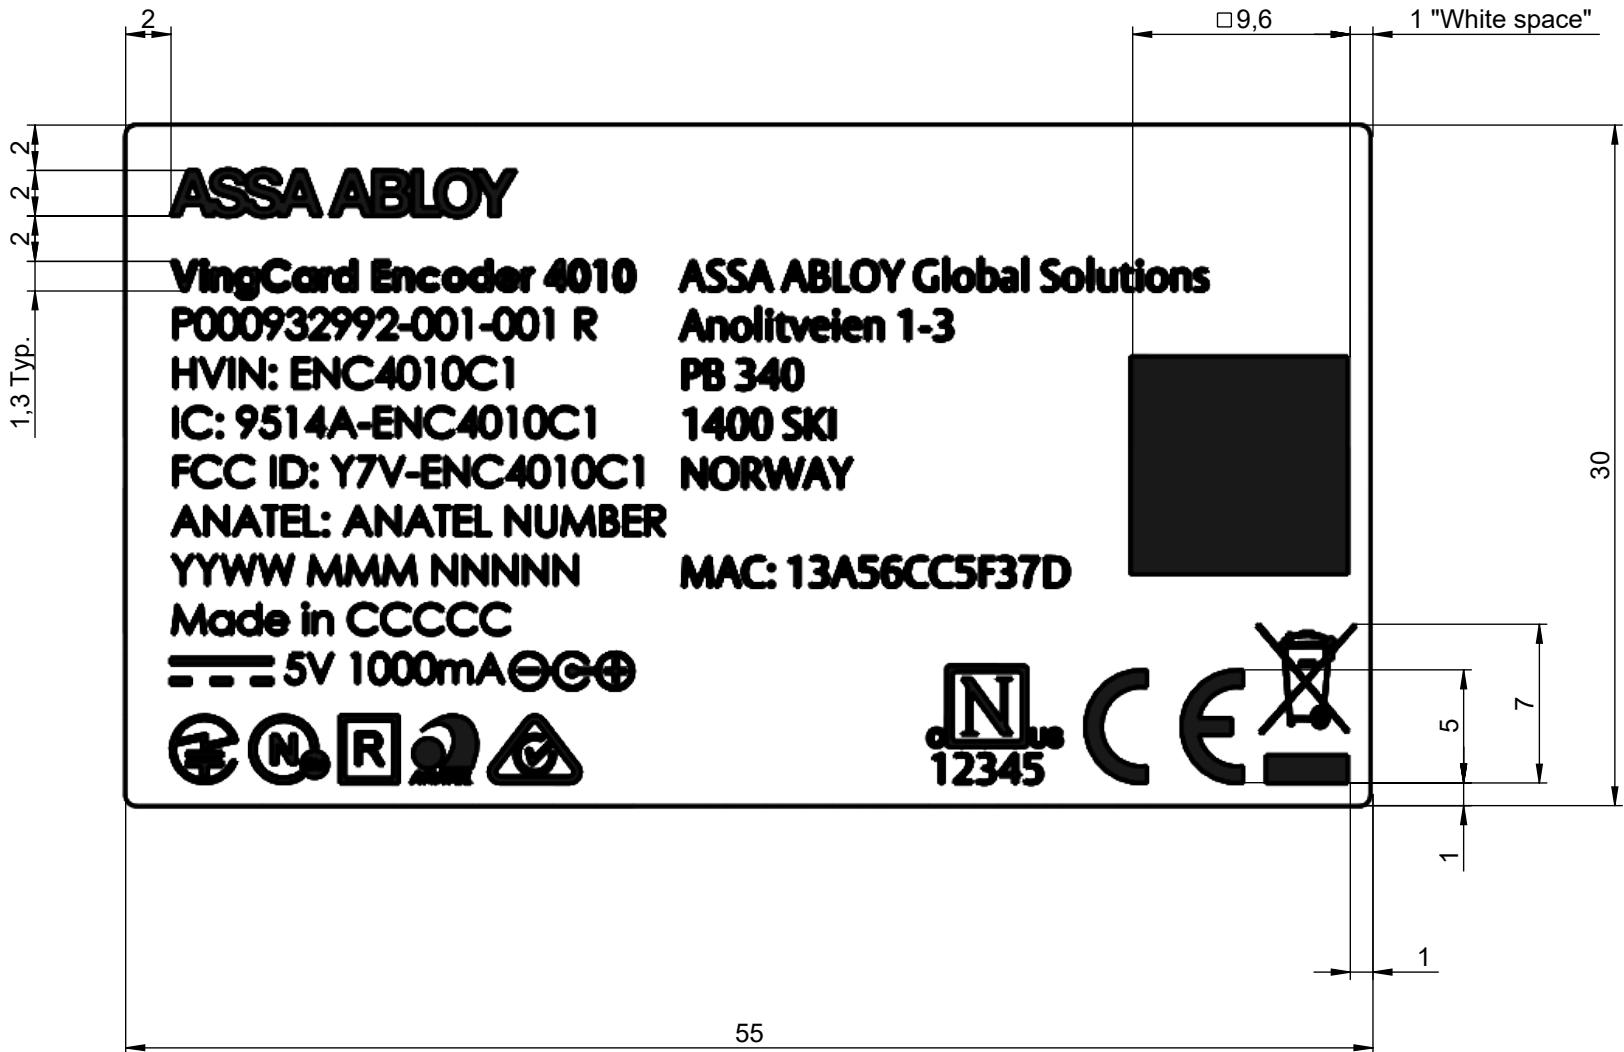

Certification
HVIN = Hardware Version Identification Number. Max 9 characters + CX
Normally Product name + CX
CX = Certification counter, where X = Running number (Starts with 1)
Example: PCBA7001C1

IC: IC = CN (Company Number) + UPN (Unique Product Number)
The CN for ASSA ABLOY Hospitality is 9514A- and UPN = HVIN
Example: 9514A-PCBA7001C1

FCC ID: FCC ID = CN (Company Number) + UPN (Unique Product Number)
CN for ASSA ABLOY Hospitality is Y7V- and UPN = HVIN
Example: Y7V-PCBA7001C1

ANATEL:

Label requirements:
The label must be indelible and legible.
The marking shall not be removed or the label shall not come loose when rubbed lightly with a piece of cloth soaked in petroleum, spirit or water.

Scale: 1:1

P-rev.	D-rev.	Date	Description	Sign.
A	1	2018-09-20	Initial release	SMT
B	2	2018.11.26	Corrected P-number on label	SMT
C	3	21.11.2019	Changed revision counter. Changed Hospitality to Global Solutions	SMT
